Los Angeles, CA 90012

Dear Supervisors:

**HEARING ON 2007-2008
LOS ANGELES COUNTY FIRE
HAZARDOUS VEGETATION ABATEMENT COST
(ALL DISTRICTS)
(3-VOTES)**

SUBJECT

Action pursuant to the California Health and Safety Code and required to collect Abatement Enforcement costs for the 2007 fire season. The costs are for non-compliant declared improved parcels for enforcement action beyond the annual inspection program.

IT IS RECOMMENDED THAT YOUR BOARD AFTER THE PUBLIC HEARING:

1. Confirm the 2007-2008 hazardous vegetation abatement costs in the total amount of \$18,480.00 to be assessed to owners of improved parcels.
2. Instruct the Auditor-Controller to post the hazardous vegetation abatement costs as a direct assessment against the respective improved parcels of land as they appear on the current assessment roll.

PURPOSE OF RECOMMENDED ACTION

The Board's confirmation of hazardous vegetation abatement costs enables the Consolidated Fire Protection District of Los Angeles County (the "Fire Department") to assess improved parcels in Los Angeles County which have been declared to be a seasonal recurrent public nuisance due to excessive hazardous brush, dry grass, weeds, combustible growth or flammable vegetation, to include native and ornamental vegetation, and which required hazard abatement enforcement by the Fire Department.

JUSTIFICATION

Hazard abatement enforcement is necessary to ensure abatement of fire hazards on improved parcels that are not in compliance with local requirements. Enforcement of compliance on improved parcels is the responsibility of the Fire Department and is required by Part 5, Division 12 of the California Health and Safety Code, Sections 14875 to 14922, inclusive. Your Board's action on January 30, 2007 approved costs for non-compliant declared improved parcels at \$231.00. Confirmation of the hazardous vegetation abatement costs will allow the Fire Department to recover costs for abatement action beyond the annual inspection program.

FISCAL IMPACT/FINANCING

Confirmation of the hazardous vegetation abatement costs allows for partial recovery of the Fire Department expenditures for hazard abatement enforcement. There is no impact to net County cost.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

Abatement activities have been taken against improved properties found by inspection to be a seasonal recurrent nuisance due to hazardous brush, dry grass, weeds, combustible growth or flammable vegetation, including native and ornamental vegetation, which require Fire Department abatement enforcement action to provide fire protection to existing structures and adjacent properties under the provisions of Part 5, Division 12 of the California Health and Safety Code, Sections 14875 to 14922, inclusive.

The attached report contains an itemized account of the hazardous vegetation abatement costs. A copy of the report shall be posted for at least three days on or near the Board's chamber door and on the internet, with a notice of the time when the cost report will be submitted to the Board for confirmation after a public hearing.

A copy of the cost report, as confirmed, shall be turned over to the Auditor-Controller of the County, on or before the eight (8th) day of August following such confirmation. The Auditor-Controller will enter the amounts of the respective assessments against respective improved parcels as they appear on the current assessment roll.

ENVIRONMENTAL DOCUMENTATION

This action will not have a significant effect on the environment and therefore is exempt from CEQA pursuant to section 15061(b)(3) of the CEQA guidelines.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

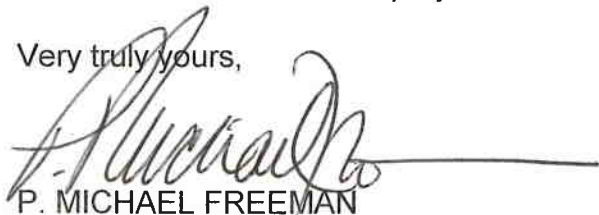

The recovery of hazardous vegetation abatement costs is vital to the ongoing operation governing the identification and abatement of those properties that constitute a public nuisance and endanger the public safety.

CONCLUSION

Upon approval by the Board of Supervisors, please instruct the Executive Officer to return adopted copies of this letter to:

1. Consolidated Fire Protection District of Los Angeles County
Executive Office
